

Government of Jammu and Kashmir
PHE, I&FC Department
Civil Secretariat, J&K, Srinagar

The ALL HOD'S &
C-E'S

No: PW/PHE/HRM/SL/JE/Dip/15/2012

Dated: 2-08-2017

Subject: Non submission of Dates of birth of Junior Engineer
(Diploma)- Furnishing of information reg.

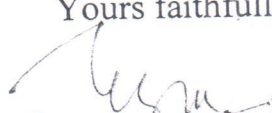

Sir,

I am directed to refer the subject cited above and intimate you that Dates of Birth (DsoB) of around 700 JEs (Diploma holders) (copy of the list enclosed) are not available in the department. While fixing the final seniority list of the above JEs as on 01.01.2012, this fact was clearly reflected in the Government Order of 21.01.2015. This apart, letters dated 03.07.2015 and 05.07.2017 enclosing therewith the list of the above personnel were also issued reiterating the earlier request/advisory to expedite the furnishing of the desired info. However, the same has not been furnished as yet. While updating the seniority list of the above JEs as on 01.01.2016, it has been resolved by the authorities to put off the finalisation of the seniority list till such time the DsoB of the above personnel are obtained. Given that in the past the said information has not been furnished despite reminders, it has been desired to hold both the authorities which are responsible to furnish the information as well as the personnel concerned in case both fail to submit the requisite

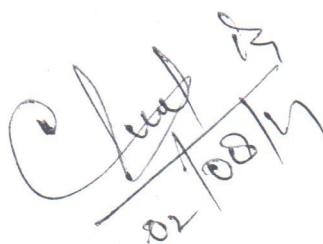

o/c

information within next thirty days. Accordingly, I am directed to intimate the executive engineers concerned to withhold the salaries of the defaulting personnel (if they are in service) for the month of August in case they do not provide the necessary information besides intimating their names to the administrative department through CEs/ HoDs concerned for their attachment in the administrative department. Further, the Executive Engineers would, in the case of the retired personnel, take up the matter with the Treasuries/ Banks concerned from where these personnel are drawing their pensions requesting them to advise the latter to immediately contact the DDOs from where they retired for providing the necessary information along with the requisite documents failing which their pensions for the month of August would be stopped. The Executive Engineers concerned would ensure that the necessary directives are passed on to the concerned urgently and monitor it on daily basis and obtain the information positively. I am further directed to intimate the Executive Engineers concerned to take note that in case the desired actions are not taken and information not furnished within next 30 days, their drawing powers would be seized and appropriate disciplinary action taken against them. It is further requested that the CEs/ HoDs concerned would monitor the situation on daily basis and keep the administrative department posted in this behalf.

Yours faithfully,

Deputy Secretary to the Government
